**1. Notes to Buyers:**

**1. For Procurement via BID/RA:**

- Buyers should create bids with clearly defined values for critical (“Golden”) parameters such as:
    - Type of Water Purification Technology
    - Filtration Capacity (in LPH)
    - Inclusion and specifications of Storage Tank
    - Material and Capacity of Storage Tank (in Liters)
    - Maximum Feed Water TDS (ppm) at which rated LPH, and water quality is assured
    - Guaranteed Output Water Quality
  - Bids lacking specific selections or choosing “Any Value” for these Golden Parameters may be deemed ambiguous and can be cancelled at any time by the competent authority. The buyer will be held accountable if vague specifications lead to reduced competition or increased cost to the exchequer.
2. Buyers are encouraged to apply comprehensive filters during BID/RA to include all qualifying options that meet or exceed technical requirements. For example, if a Semi-Automatic controller is required, options including Fully Automatic should also be selected. Failing to do so, resulting in restricted competition or higher procurement costs, shall be the buyer’s responsibility.
  3. Buyers must refer to Clause 4.xiii.(w) of the GTC. Any additional technical specifications added should not contradict GeM category standards. Contradictory specifications may render the bid invalid and subject to cancellation by competent authority.
  4. Before issuing the CRAC, the buyer/consignee must verify all technical specifications and parameters of the installed machine such as filtration capacity, machine type, etc., as per the

contract.

5. When sellers provide alternate models under the clause "Other Equivalent/Better Alternate Models Offered," buyers must ensure that these models meet or exceed all original bid requirements before accepting them. This clause is relevant only in BID/RA-based procurement and does not apply to direct purchase or L1 procurement.
6. Buyers may opt for an Extended Performance Bank Guarantee (EPBG) covering a period longer than the machine's warranty, which may be invoked if warranty obligations are not met.
