1. Experience Criteria: In respect of the filter applied for experience criteria, the Bidder or its OEM of the product offered in the bid {themselves or through reseller(s)} should have regularly, manufactured and supplied same or similar Category Products to any Central / State Govt Organization / PSU for number of Financial years as indicated above in the bid document before the bid opening date. Copies of relevant contracts and delivery acceptance certificates like CRAC to be submitted along with bid in support of having supplied some quantity during each of the Financial year. In case of bunch bids, the category of primary product having highest value should meet this criterion.

2. Purchase preference will be given to MSEs having valid Udyam Registration and whose credentials are validated online through Udyam Registration portal as defined in Public Procurement Policy for Micro and Small Enterprises (MSEs) Order, 2012 dated 23.03.2012 issued by Ministry of Micro, Small and Medium Enterprises and its subsequent Orders/Notifications issued by concerned Ministry. If the bidder wants to avail themselves of the Purchase preference, the bidder must be the manufacturer / OEM of the offered product on GeM. Traders are excluded from the purview of Public Procurement Policy for Micro and Small Enterprises and hence resellers offering products manufactured by some other OEM are not eligible for any purchase preference. In respect of bid for Services, the bidder must be the Service provider of the offered Service. Relevant documentary evidence in this regard shall be uploaded along with the bid in respect of the offered product or service and Buyer will decide eligibility for purchase preference based on documentary evidence submitted, while evaluating the bid. If L-1 is not an MSE and MSE Seller (s) has / have quoted price within L-1+ 15% (Selected by Buyer) of margin of purchase preference /price band defined in relevant policy, such MSE Seller shall be given opportunity to match L-1 price and contract will be awarded for 25% (selected by Buyer) percentage of total quantity. The buyers are advised to refer the OM No. F.1/4/2021-PPD dated 18.05.2023 [OM No.1 4 2021 PPD dated 18.05.2023](#) for compliance of Concurrent application of Public Procurement Policy for Micro and Small Enterprises Order, 2012 and Public Procurement (Preference to Make in India) Order, 2017. Benefits of MSE will be allowed only if seller is validated on-line in GeM profile as well as validated and approved by Buyer after evaluation of documents submitted.

3. Estimated Bid Value indicated above is being declared solely for the purpose of guidance on EMD amount and for determining the Eligibility Criteria related to Turn Over, Past Performance and Project / Past Experience etc. This has no relevance or bearing on the price to be quoted by the bidders and is also not going to have any impact on bid participation. Also this is not going to be used as a criteria in determining reasonableness of quoted prices which would be determined by the buyer based on its own assessment of reasonableness and based on competitive prices received in Bid / RA process.

4. Past Performance: The Bidder or its OEM {themselves or through re-seller(s)} should have supplied same or similar Category Products for 10% of bid quantity, in at least one of the last three Financial years before the bid opening date to any Central / State Govt Organization / PSU. Copies of relevant contracts (proving supply of cumulative order quantity in any one financial year) to be submitted along with bid in support of quantity supplied in the relevant Financial year. In case of bunch bids, the category related to primary product having highest bid value should meet this criterion.

5. Reverse Auction would be conducted amongst all the technically qualified bidders except the Highest quoting bidder. The technically qualified Highest Quoting bidder will not be allowed to participate in RA. However, H-1 will also be allowed to participate in RA in following cases:

- i. If number of technically qualified bidders are only 2 or 3.
- ii. If Buyer has chosen to split the bid amongst N sellers, and H1 bid is coming within N.
- iii. In case Primary product of only one OEM is left in contention for participation in RA on elimination of H-1.
- iv. If L-1 is non-MSE and H-1 is eligible MSE and H-1 price is coming within price band of 15% of Non-MSE L-1

v. If L-1 is non-MII and H-1 is eligible MII and H-1 price is coming within price band of 20% of Non-MII L-1

Special terms and conditions-Version:4 effective from 09-10-2025 for category Toner Cartridges / Ink Cartridges / Consumables for Printers

1. This category covers two classes of products — OEM Cartridges/Consumables and Compatible Cartridges/Consumables — to enable buyers to procure both original and compatible options in a transparent and competitive manner.
2. **Definitions:**
 - (a) *OEM Cartridge/Consumable* refers to a cartridge manufactured by a company that also manufactures printing machines such as printers, multifunction (all-in-one) devices, or plotter printers, and is intended for use with those machines.
 - (b) *Compatible Cartridge/Consumable* refers to a cartridge manufactured by an entity other than the OEM of the printing machine but designed to be compatible with, and functionally replace, the OEM cartridge.
3. The parameter "Product Class of Cartridge" has two values — OEM and Compatible. 'OEM' denotes a cartridge having a brand same as that of the printer, while 'Compatible' denotes a cartridge having a brand different from the printer(s) but compatible with the printer(s). Buyers can select only 'OEM' or only 'Compatible' or both 'OEM' and 'Compatible' (or 'any value') as per their requirement.
4. Printer OEMs authorised in this category and granted dashboard access shall upload catalogues under Product Class of Cartridge - OEM. Compatible OEMs shall upload catalogues under Product Class of Cartridge - Compatible strictly in accordance with their approved Vendor Assessment (VA) report.
5. Incorrect selection of product class or deviation from the approved VA report by the sellers may attract administrative action, including removal of catalogues, temporary suspension, or any other action deemed appropriate by GeM.
6. The parameter "Model Number of OEM Printer/MFP" shall indicate the printer or multifunction model for which the offered cartridge/consumable is suitable. Sellers shall ensure correct mapping of cartridges/consumables to printer models while creating catalogues.
7. Printer OEMs and Compatible OEMs shall have their respective model/part numbers included in the drop-down options prior to catalogue creation. Catalogues created using unapproved or incorrect model numbers may be removed and attract administrative action.
8. Compatible OEMs shall ensure that their model or part numbers do not resemble those of printer OEMs in any manner likely to mislead or confuse buyers.
9. Sellers requiring inclusion of new model/part numbers (against parameter "Model Number of OEM's Printer Cartridge/Consumable") or the OEM's name (against the parameter "Name of the

- OEM/Compatible Manufacturer of Cartridge/Consumable Offered”) in drop-down options shall submit such requests to the GeM Helpdesk along with supporting documentation. Requests shall be processed by GeM based on verification of the vendor’s eligibility and the applicable VA report.
10. The parameter “Name of the OEM/Compatible Manufacturer of Cartridge/Consumable Offered” shall indicate the name of either the printer OEM or the compatible OEM, as applicable. Sellers shall select their name only from the approved drop-down options available after completion of Vendor Assessment and inclusion through the Helpdesk process.
 11. Buyers should select only one brand/make under the parameter: “Printer:: Multifunction Machines Brand for which offered Cartridge:: Consumable is Suitable.”
 12. Buyers procuring only ‘OEM’ cartridges for multiple printer brands through bunched bids shall opt for item-wise evaluation and not total value-wise evaluation, so as to enable participation by resellers of individual brands. Bunching of only ‘OEM’ Cartridges and only ‘Compatible’ Cartridges can be resorted to only when evaluation is item-wise. In case the buyer selects both ‘OEM’ and ‘Compatible’ against ‘Product Class of Cartridge’ or alternatively chooses ‘any value’ against ‘Product Class of Cartridge’, then the bid evaluation method of either ‘Total Value-wise’ or ‘Item-wise’ can be opted for by the buyer as per his/her requirement and desired level of competition based on the availability of sellers.
 13. By selecting “As per IS/ISO/IEC 19752:2017”, the seller confirms compliance with equivalent or relevant ISO standards such as ISO/IEC 24711 or ISO/IEC 29102, as applicable to the technology or type of cartridge (Inkjet, Laser, Toner, or Ink).
 14. Buyers procuring cartridges through bidding and selecting Product Class – only ‘OEM’ should follow the PAC procurement method after following the prescribed due process, and the PAC certificate duly signed by the competent authority shall be uploaded at the time of bid creation. GeM, however, does not prescribe PAC procurement on its own, and the decision to follow the PAC mode of procurement is the buyer’s call. In case the buyer selects both ‘OEM’ and ‘Compatible’ against ‘Product Class of Cartridge’ or alternatively chooses ‘any value’ against ‘Product Class of Cartridge’, then such PAC may not be required in the bid.
 15. The L-1 comparison buying method for Product Class – only ‘OEM’ is not permissible. In case the buyer selects both ‘OEM’ and ‘Compatible’ against ‘Product Class of Cartridge’ or alternatively chooses ‘any value’ against ‘Product Class of Cartridge’, then the L-1 comparison buying method shall be available subject to other standard prerequisites. The L-1 comparison buying method for Product Class – only ‘Compatible’ is possible subject to other standard prerequisites.
 16. For procurement through bidding involving a specific brand of Compatible Cartridges, PAC procurement may be undertaken only after following the prescribed due process. GeM, however, does not prescribe PAC procurement on its own, and the decision to follow the PAC mode of procurement is the buyer’s call.
 17. Single Tender procurement without PAC is permissible only where the buying organisation permits such procurement under specific circumstances and where GeM has enabled the Single Tender functionality for that organisation. GeM, however, does not prescribe the Single Tender mode of procurement on its own, and the decision to follow the Single Tender mode of procurement is the buyer’s call.
 18. By procuring items under this category, buyers confirm that they have understood the above clauses and agree to them. Any query with regard to the above clauses should be made prior to the procurement or floating of the bid. GeM shall not entertain any bid- or contract-specific query.
 19. By uploading catalogues under this category, sellers confirm that they have understood the above clauses and agree to them. Any query with regard to the above clauses should be made prior to uploading a catalogue or participating in a bid. GeM shall not entertain any bid- or contract-specific query.
