1. If the bidder is a Micro or Small Enterprise as per latest orders issued by Ministry of MSME, the bidder shall be relaxed from the eligibility criteria of "Experience Criteria" as defined above subject to meeting of quality and technical specifications. The bidder seeking Relaxation from Experience Criteria, shall upload the supporting documents to prove his eligibility for Relaxation.
2. If the bidder is a Micro or Small Enterprise (MSE) as per latest orders issued by Ministry of MSME, the bidder shall be relaxed from the eligibility criteria of "Bidder Turnover" as defined above subject to meeting of quality and technical specifications. If the bidder itself is MSE OEM of the offered products, it would be relaxed from the "OEM Average Turnover" criteria also subject to meeting of quality and technical specifications. The bidder seeking Relaxation from Turnover, shall upload the supporting documents to prove his eligibility for Relaxation.
3. If the bidder is a DPIIT registered Startup, the bidder shall be relaxed from the the eligibility criteria of "Experience Criteria" as defined above subject to their meeting of quality and technical specifications. The bidder seeking Relaxation from Experience Criteria, shall upload the supporting documents to prove his eligibility for Relaxation.
4. If the bidder is a DPIIT registered Startup, the bidder shall be relaxed from the the eligibility criteria of "Bidder Turnover" as defined above subject to their meeting of quality and technical specifications. If the bidder is DPIIT Registered OEM of the offered products, it would be relaxed from the "OEM Average Turnover" criteria also subject to meeting of quality and technical specifications. The bidder seeking Relaxation from Turnover shall upload the supporting documents to prove his eligibility for Relaxation.
5. The minimum average annual financial turnover of the bidder during the last three years, ending on 31st March of the previous financial year, should be as indicated above in the bid document. Documentary evidence in the form of certified Audited Balance Sheets of relevant periods or a certificate from the Chartered Accountant / Cost Accountant indicating the turnover details for the relevant period shall be uploaded with the bid. In case the date of constitution / incorporation of the bidder is less than 3-year-old, the average turnover in respect of the completed financial years after the date of constitution shall be taken into account for this criteria.
6. Experience Criteria: In respect of the filter applied for experience criteria, the Bidder or its OEM of the product offered in the bid {themselves or through reseller(s)} should have regularly, manufactured and supplied same or similar Category Products to any Central / State Govt Organization / PSU for number of Financial years as indicated above in the bid document before the bid opening date. Copies of relevant contracts and delivery acceptance certificates like CRAC to be submitted along with bid in support of having supplied some quantity during each of the Financial year. In case of bunch bids, the category of primary product having highest value should meet this criterion.
7. OEM Turn Over Criteria: The minimum average annual financial turnover of the OEM of the offered product during the last three years, ending on 31st March of the previous financial year, should be as indicated in the bid

document. Documentary evidence in the form of certified Audited Balance Sheets of relevant periods or a certificate from the Chartered Accountant / Cost Accountant indicating the turnover details for the relevant period shall be uploaded with the bid. In case the date of constitution / incorporation of the OEM is less than 3 year old, the average turnover in respect of the completed financial years after the date of constitution shall be taken into account for this criteria.

8. Preference to Make In India products (For bids < 200 Crore): Preference shall be given to Class 1 local supplier as defined in public procurement (Preference to Make in India), Order 2017 as amended from time to time and its subsequent Orders/Notifications issued by concerned Nodal Ministry for specific Goods/Products. The minimum local content to qualify as a Class 1 local supplier is denoted in the bid document. If the bidder wants to avail the Purchase preference, the bidder must upload a certificate from the OEM regarding the percentage of the local content and the details of locations at which the local value addition is made along with their bid, failing which no purchase preference shall be granted. In case the bid value is more than Rs 10 Crore, the declaration relating to percentage of local content shall be certified by the statutory auditor or cost auditor, if the OEM is a company and by a practicing cost accountant or a chartered accountant for OEMs other than companies as per the Public Procurement (preference to Make-in -India) order 2017 dated 04.06.2020. Only Class-I and Class-II Local suppliers as per MII order dated 4.6.2020 will be eligible to bid. Non - Local suppliers as per MII order dated 04.06.2020 are not eligible to participate. However, eligible micro and small enterprises will be allowed to participate .The buyers are advised to refer the OM No.F.1/4/2021-PPD dated 18.05.2023.

[OM No.1 4 2021 PPD dated 18.05.2023](#) for compliance of Concurrent application of Public Procurement Policy for Micro and Small Enterprises Order, 2012 and Public Procurement (Preference to Make in India) Order, 2017.

9. Purchase preference will be given to MSEs having valid Udyam Registration and whose credentials are validated online through Udyam Registration portal as defined in Public Procurement Policy for Micro and Small Enterprises (MSEs) Order, 2012 dated 23.03.2012 issued by Ministry of Micro, Small and Medium Enterprises and its subsequent Orders/Notifications issued by concerned Ministry. If the bidder wants to avail themselves of the Purchase preference, the bidder must be the manufacturer / OEM of the offered product on GeM. Traders are excluded from the purview of Public Procurement Policy for Micro and Small Enterprises and hence resellers offering products manufactured by some other OEM are not eligible for any purchase preference. In respect of bid for Services, the bidder must be the Service provider of the offered Service. Relevant documentary evidence in this regard shall be uploaded along with the bid in respect of the offered product or service and Buyer will decide eligibility for purchase preference based on documentary evidence submitted, while evaluating the bid. If L-1 is not an MSE and MSE Seller (s) has / have quoted price within L-1+ 15% (Selected by Buyer) of margin of purchase preference /price band defined in relevant policy, such MSE Seller shall be given opportunity to match L-1 price and contract will be awarded for 25% (selected by Buyer) percentage of total quantity. The buyers are advised to refer the OM No. F.1/4/2021-PPD dated 18.05.2023 [OM No.1 4 2021 PPD dated 18.05.2023](#) for compliance of Concurrent application of Public Procurement Policy for Micro and Small Enterprises Order, 2012 and Public Procurement (Preference to Make in India) Order, 2017. Benefits of MSE will be allowed only if seller is validated on-line in GeM profile as well as validated and approved by Buyer after evaluation of documents submitted.

10. Past Performance: The Bidder or its OEM {themselves or through re-seller(s)} should have supplied same or similar Category Products for 80% of bid quantity, in at least one of the last three Financial years before the bid opening date to any Central / State Govt Organization / PSU. Copies of relevant contracts (proving supply of cumulative order quantity in any one financial year) to be submitted along with bid in support of quantity supplied in the relevant Financial year. In case of bunch bids, the category related to primary product having highest bid value should meet this criterion.

11. Reverse Auction would be conducted amongst all the technically qualified bidders except the Highest quoting bidder. The technically qualified Highest Quoting bidder will not be allowed to participate in RA. However, H-1 will also be allowed to participate in RA in following cases:

- i. If number of technically qualified bidders are only 2 or 3.
- ii. If Buyer has chosen to split the bid amongst N sellers, and H1 bid is coming within N.
- iii. In case Primary product of only one OEM is left in contention for participation in RA on elimination of H-1.
- iv. If L-1 is non-MSE and H-1 is eligible MSE and H-1 price is coming within price band of 15% of Non-MSE L-1
- v. If L-1 is non-MII and H-1 is eligible MII and H-1 price is coming within price band of 20% of Non-MII L-1

TECHNICAL SPECIFICATIONS FOR RETROFIT UNIT DR SYSTEM

Retrofit DR system required for upgrading the existing 82 kilowatt X-Ray machine to digital modality. Flat Panel detector system fully compatible for use with Table bucky and Vertical bucky capable of taking the complete range of radiographic examinations with the following Specifications & Configuration

1. Two units of Flat Panel Detector with RIS interface and DR console

1. Digital Flat Panel Detector systems having 2 nos of 17" x17" size detectors and should be provided with latest technology for wired cum wireless detector for communication.

2. The conversion screen of the detector should be made up of Cesium Iodide and Photo diode Amorphous Silicon technology.

3. The detector should be water proof having minimum IPX 6 or more standard inclusive of battery. Test certificates of the same should be provided along with technical documents.

4. The detector should be capable of doing out of bucky radiography and Lateral supine Radiography

5. The detector should have minimum DQE of 65% at 0 lp per mm.

6. The detector should have a minimum spatial resolution of 3.5 lp/mm or more.

7. Detector array Size: Should be a minimum of 3.0K x 3.0K pixels or higher.

8. FPD must be of latest available technology. Pixel Pitch must be maximum 140 microns or less.

9. A to D conversion: Should minimum 14 bits or more

10. The detector offered should be light in weight with less than 4 kgs including battery, enabling easy use for operations and easy positioning at the time of out of bucky exposures.

11. Images per-viewing should be available in about less than 3 secs after exposure and the cycle time should

uld be 7 seconds or less.

12.The detector must be capable of working on both wired as well as wireless mode.

13. Detector should be capable of working with and without battery. The connectivity through charging cable also should be required.

14.The battery must be of latest Lithium Ion type. Company should replace batteries free of cost for next five years. The battery offered should be replaced irrespective of charge cycle limitations. In case of inbuilt battery detector, manufacturer should either replace battery or detector, in case of any breakdown of battery. battery type and life of offered model should be specified while quoting the bid.

15.The detector should have AED(Automatic Exposure Detection)as standard feature.

16.The detector should be able to work at normal room temperature and humidity. The detector system should not require frequent calibrations on daily start-up.

17.Offered detector should have load bearing capacity of 300 kgs or more.

18. Should be compatible with portable X-Ray machine. Wireless detector provided should be free from any integration with X-Ray machine. The same should be able to use with any mobile X-Ray machine so that detector can be used portable.

19.Detector and software should be from the same manufacturer.

II. Image acquisition software

1. The DR Console should be offered with medical grade desktop monitor of 24" or more.
2. Software provides complete control of all image capture functions within the examination room. It enhances the entire workflow by delivering diagnostic image instantly. It also allows user to transfer X ray images electronically to remote workstations, image archives, and printers, also has an excellence
3. performance on image quality control such as:-
4. Digital image processing technology.
5. Preview image in less than 3 seconds
6. Exam specific Algorithms image processing for consistent image quality of all body parts
7. Present image processing tools for different anatomy.

8. Image zooming, ROI, image cropping and masking, automatic grid removal function
9. Image mirror, rotate.
10. Image annotation.
11. Soft tissue processing must be possible.
12. Should offer capability of local image storage.
13. Should be capable of connecting directly to the dry laser printer.
14. Should be capable of connecting minimum of 2 flat panels.
15. A separate workstation and miniPACS system should be provided which must be of latest generation, of a reputed brand with windows 11 pro or latest operating system, at least 16GB RAM, Intel i7 processor or better with high processing speed, 2TB HDD and 01 No. 2MP LCD medical display monitor of size minimum 24 inches with storage capacity of minimum 10000 images with ability to review and report X-Rays independent of main console.
16. MiniPACS system and software should be provided along with minimum 10 viewing license
17. Image stitching along with hardware and software.
18. The workstation should be capable of configuring multi format images for DICOM printers. Add image accept/ reject comments.
19. Rejected images archival with provision of converting them to accepting images.
20. True size for printing
21. Inbuilt CD/DVD writer facility.
22. Easy and quick offset and gain calibration with bad pixel removal algorithm.
23. DICOM 3.0 compliant system All features mentioned below should be quoted as a) DICOM work list management b) DICOM print c) DICOM query/retrieve d) DICOM CD creation/ DVD creation with embedded viewer. DICOM storage f) Support DICOM MPPS
24. Easy integration and network capability with the existing /future networking including other modalities and RIS/HIS/PACS facility.
25. There should be facility for complete range of post processing features like measurements. annotations, window levelling, window width etc.
26. DR console should be connected to a compatible dry laser printer with resolution 500 DPI or more.
27. The printer should accept all size films up to 14" x 17" size (three film size trays should be active). The system must have at least two online film sizes. Day light loading should be possible.
28. Multi format printing should be possible with the user selectable options.
29. It should be possible to create alphabetical, date wise and exam based, work list. Work list should be auto refreshing.

30. It should have the ability to print hospital name with patient details. It should have the provision of adding patient photo in film or data
31. Should have capability to push images to location(s) of choice such as:
 - PACS,
 - External Storage Devices
 - DICOM Printers
 - Workstations.

III. Accessories

1. Reputed brand online UPS(3KVA) for the whole system including computer/digital components and p rinter with 30 minutes backup.
2. Suitable Servo Voltage stabilizer for entire DR system including console, workstation, printer etc.
3. MiniPACS,
4. External Storage Devices with 2TB
5. DICOM Printers
6. Workstations.

Additional Accessories

- protective Case for the detectors should be provided.
- Anti-fatigue floor mat in the operating area of the detector.

IV.Mandatory Requirements

1. The company should be ISO certified company.
2. The whole systems should have BIS or USFDA or CE approval and the entire system and model should have AERB type approval.
3. Company should have valid ISO 9001:2015 and ICMED 13485 certificate and valid CDSCO certificates th e for quoted model.
4. Site modification as per AERB guidelines for radiation shielding of doors/walls/windows to be done by successful bidder.
5. Bidder should have proven track record in Central/State government/PSU and should have installed at least three same/similar DR system during the last three years with satisfactory performance report from the HOD of the User department of Institution.
6. The bidder and the principal company should have a good reputation and never been

blacklisted / debarred in any state and central government organization.

7. If the bidder is not the manufacturer of detectors warranty support documents should be made available in the form of undertaking from detector manufacture.

8. Spares:

a) Manufacturer/principal to give undertaking to provide spares/reagents/consumables/accessories etc for next 10 years of their quoted model.

b) Principal manufacturer to give undertaking that they will maintain and service the equipment in case Indian agent/supplier fails to provide the service.

9. Training: Minimum of 1 week of onsite training at the Hospital should be provided to radiographers and radiologists.

10. Product Data Sheet :

a) All specification to be provided with the original product data sheet.

b) All technical specification should be supported with original data sheet highlighting the page number in the compliance sheet.

c) The equipment quoted should be the main equipment of the principal manufacturer.

d) The DR -Retrofit Detector system and its main components should find a place in the manufacturer web site and the copy of the web page showing the same should be enclosed in the tender document.

e) The bidder to mention its principal manufacturer's website address.

11. Availability of Toll-free facility for technical support maintained by OEM or Authorized Agency.

12. Address of local service centre to be provided.

13. Offered system should have 5 year warranty from date of installation and 5 year CMC to be quoted separately.

14. Demonstration of the equipment should be a part of technical qualification.(The bidder shall, at their own expense, provide a physical demonstration of the offered machine either at our hospital premises or at a nearby hospital within a radius of 100 km, which is mandatory for further proceedings.)

15. OEM/Authorized seller certificate and Bid compliance report to be submitted.

16. The equipment should be software and platform protected for the entire life time of the equipment.

17. New PACS software should be provided and has to be maintained along with warranty and CAMC period . All software upgrades should be done free of cost by the OEM/bidder within one month of issue of new upgrade from Principal OEM.

18. Even during the warranty period, the desired uptime of 98% of 365 days will be ensured. In case the downtime exceed the 2% limit, extension of the warranty period will be twice the Excess downtime period.

19. Manufacturer/Bidder has to provide an undertaking to ensure the availability of spares/reagents/consumables/accessories etc of their quoted model, to meet the complete lifespan of the equipment or 10 years(which ever is more).

20. Bidder has to provide onsite installation of the whole system along with all components. Bidder has to supply all necessary hardware, software ,cables etc required for successful installation and commissioning of the entire system.

21. The entire project shall be executed on a turnkey basis, including modifications to the site plan, provision of a suitable console counter with adequate space for the workstation and control panel, along with

th a lead glass viewing window. The console shall have an ergonomic design that ensures a clear line of sight to the X-ray tube and the patient. All modifications shall be carried out in compliance with AERB guidelines, and all electrical and structural alterations shall conform to applicable regulatory norms.

Details of Structural modifications in X-Ray Room .

The bidder shall carry out the following modifications in the X-Ray Room,

I. Installation of Lead Viewing Window:

Fixing of a lead viewing glass window of size 2 ft × 2 ft in the console area. (Lead glass will be supplied by the department.)

II. Electrical Works:

Execution of all necessary electrical works, including switches, cabling, earthing, conduits, and all related accessories required for the proper installation and functioning of the equipment.

III. Structural Modification and Door Provision:

Demolition of the existing partition wall to create a doorway opening towards the main corridor and provision of a lead-lined door at the newly created access point.

IV. Regulatory Compliance:

All the above modifications shall be carried out strictly in accordance with the guidelines, regulations, and safety standards prescribed by the Atomic Energy Regulatory Board (AERB).

अस्वीकरण/Disclaimer

The additional terms and conditions have been incorporated by the Buyer after approval of the Competent Authority in Buyer Organization, whereby Buyer organization is solely responsible for the impact of these clauses on the bidding process, its outcome, and consequences thereof including any eccentricity / restriction arising in the bidding process due to these ATCs and due to modification of technical specifications and / or terms and conditions governing the bid. If any clause(s) is / are incorporated by the Buyer regarding following, the bid and resultant contracts shall be treated as null and void and such bids may be cancelled by GeM at any stage of bidding process without any notice:-

1. Definition of Class I and Class II suppliers in the bid not in line with the extant Order / Office Memorandum issued by DPIIT in this regard.
2. Seeking EMD submission from bidder(s), including via Additional Terms & Conditions, in contravention to exemption provided to such sellers under GeM GTC.
3. Publishing Custom / BOQ bids for items for which regular GeM categories are available without any Category item bunched with it.
4. Creating BoQ bid for single item.
5. Mentioning specific Brand or Make or Model or Manufacturer or Dealer name.
6. Mandating submission of documents in physical form as a pre-requisite to qualify bidders.
7. Floating / creation of work contracts as Custom Bids in Services.
8. Seeking sample with bid or approval of samples during bid evaluation process. (However, in bids for [attached categories](#), trials are allowed as per approved procurement policy of the buyer nodal Ministries)
9. Mandating foreign / international certifications even in case of existence of Indian Standards without specifying equivalent Indian Certification / standards.
10. Seeking experience from specific organization / department / institute only or from foreign / export experience.
11. Creating bid for items from irrelevant categories.
12. Incorporating any clause against the MSME policy and Preference to Make in India Policy.
13. Reference of conditions published on any external site or reference to external documents/clauses.
14. Asking for any Tender fee / Bid Participation fee / Auction fee in case of Bids / Forward Auction, as the case may be.
15. Buyer added ATC Clauses which are in contravention of clauses defined by buyer in system generated bid template as indicated above in the Bid Details section, EMD Detail, ePBG Detail and MII and MSE Purchase Preference sections of the bid, unless otherwise allowed by GeM GTC.
16. In a category based bid, adding additional items, through buyer added additional scope of work/ additional terms and conditions/or any other document. If buyer needs more items along with the main item, the same must be added through bunching category based items or by bunching custom catalogs or bunching a BoQ with the main category based item, the same must not be done through ATC or Scope of Work.

Further, if any seller has any objection/grievance against these additional clauses or otherwise on any aspect of this bid, they can raise their representation against the same by using the Representation window provided in the bid details field in Seller dashboard after logging in as a seller within 4 days of bid publication on GeM. Buyer is duty bound to reply to all such representations and would not be allowed to open bids if he fails to reply to such representations.

Additional Clause For Comprehensive Maintenance Charges

- 1.CMC shall include preventive maintenance including calibration as per technical/ service /operational manual of the manufacturer, service charges and spares, after satisfactory completion of Warranty. During the CMC period commencing from date of the successful completion of warranty period, Service personnel shall visit each consignee site as recommended in the manufacturer's technical/ service /operational manual, at least once in six months or as per user requirement. Cost of consumables shall not be included in CMC.Further there will be 98% uptime warranty during CMC period on 24 (hrs) X 7 (days) X 365 (days) basis, with penalty, to extend CMC period by double the downtime period.
- 2.CMC charges to be indicated as percentage of cost of equipment quoted for each year after the warranty period.
- 3.GST shall be included in the CMC Charges quoted.
- 4.Cost of CMC will be added for Ranking/Evaluation purpose with depreciation formula.A 10% discounting rate per year shall be applied on CMC Charges for price evaluation on Net Present Value.
- 5.The payment of CMC will be made on quarterly basis after satisfactory completion of said period, duly certified by end user.
- 6.While creating a bid or RA, buyers shall indicate whether CMC is required against Yes/No" options. If CMC Charges are included, an option for number of years for CMC required after the warranty period shall be available.Under this option up to 15 years can be chosen for CMC charges beyond warranty period.
- 7.In case the bid has a provision for CMC, the warranty of the product will also be deemed to have been converted into Comprehensive warranty including preventive maintenance and calibration as per technical/ service /operational manual of the manufacturer, service charges and spares, during the Warranty Period also.

Sellers are therefore advised to include the cost of Comprehensive Warranty including spares (excluding consumables) also in product Cost.

8.The CMC functionality shall be available in bid only and no direct RA shall be applicable.In case of bid to R/A decrement rules shall be applicable on total price inclusive of CMC charges. Bunching of products shall not be available while creating bids with CMC charges.

8.1.Buyer shall indicate number of years of warranty by selecting different options available in the field depending on warranty parameter applicable in category parameters for the equipment. No. of years of warranty indicated here shall supersede the warranty period indicated elsewhere in bid or product specifications. The Seller while participating in Bid/RA will get fields to indicate CMC charges as percentage depending on number of years of CMC selected by Buyer. The following shall be applicable, if 5 year CMC selected:

- CMC charges for 1st year after warranty period- Percentage to be indicated- A1
- CMC charges for 2nd year after warranty period- Percentage to be indicated- A2
- CMC charges for 3rd year after warranty period - Percentage to be indicated- A3
- CMC charges for 4th year after warranty period - Percentage to be indicated- A4
- CMC charges for 5th year after warranty period - Percentage to be indicated- A5

Similarly, A6 to A15 are to be indicated for 6th to 15th year of CMC if applicable.

8.2.The calculation of CMC Charges shall take into account the number of years of warranty and duration of CMC as specified while creating bid.

8.3.In the price evaluation, the system shall provide function to calculate the cost of each equipment by formula indicated below including CMC and then show the inter-se-ranking of the bidders. The following are the variables

- (i) Number of years for which CMC required.
- (ii) Number of years of product warranty

The formula for calculating total cost including CMC charges shall be as under:

Total Cost for evaluation=

$C + C * \{ (A1/100)/(1.10^n) + (A2/100)/(1.10^{n+1}) + (A3/100)/(1.10^{n+2}) + (A4/100)/(1.10^{n+3}) + (A5/100)/(1.10^{n+4}) \}$ and so on

C - Cost for equipment quoted and n shall be number of years of product warranty specified.

If 2 year warranty specified, n shall be 2 and if 5 year warranty specified, n shall be 5. A1,A2, A3, A4& A5 shall depend on how many years CMC selected. For 3 year CMC, only A1,A2 and A3 factors are to be taken into account and A4 and A5 will not be applicable.

8.4.CMC charges offered for each subsequent year should be same or higher than preceding year.

8.5.The CMC charges shall be offered within range of 3 to up to 50% of cost of equipment as defined by buyer.

9.Since CMC charges are to be paid only later for each year during CMC period,applicable performance guarantee amount after placement of contract shall be based on the cost of equipment excluding the cost of CMC Charges.

10.Performance bank guarantee applicable for CMC is to be submitted at start of the CMC and shall be applicable between 2.5% to 10% as specified in bid on total CMC Charges.The PBG submitted after award of contract shall be released only after new PBG for the CMC period is submitted and accepted by buyer/consignee after due verification.Bank guarantee for CMC is to remain valid till completion of CMC period plus one year. The bank guarantee for CMC shall be submitted to buyer directly. In case, seller fails to submit the PBG or does not provide services for the CMC contract after expiry of warranty period then PBG of equipment shall be forfeited.

11.In case of splitting of order quantity, equipment cost and CMC charges offered by L1 bidder shall be matched by higher quoting eligible bidders on one-to-one basis.The equipment cost and CMC charges (year to year) shall be matched individually.

12.The CMC Contract shall be an offline contract to be handled by buyer.The payment of CMC will be made on quarterly basis after satisfactory completion of said period, duly certified by end user and scope of CMC will be as per para 1 above.

13.CMC Charges are inclusive of all the charges for Transportation, Lodging, Boarding, all insurances including third party insurance and all other incidental charges. The same shall include GST. The prices also include cost of spares and damaged parts. Purchaser does not have any liability, whatsoever, over and above the cost of CMC. It also includes for arranging hand tools & tackles, special tools etc. required to carry out the work.

All GeM Sellers/Service Providers shall ensure full compliance with all applicable labour laws, including the provisions, rules, schemes and guidelines under the four Labour Codes i.e. the Code on Wages, 2019; the Industrial Relations Code, 2020; the Occupational Safety, Health and Working Conditions Code, 2020; and the Code on Social Security, 2020 as and when notified and brought into force by the Government of India.

For all provisions of the Labour Codes that are pending operationalisation through rules, schemes or notifications, the corresponding provisions of the pre-existing labour enactments (such as The

Minimum Wages Act, 1948, The Payment of Wages Act, 1936, The Payment of Bonus Act, 1965, The Equal Remuneration Act, 1976, The Payment of Gratuity Act, 1972, etc. and relevant State Rules) shall continue to remain applicable.

The Seller/ Service Providers shall, therefore, be responsible for ensuring compliance under:

- **All notified and enforceable provisions of the new Labour Codes as mentioned hereinabove; and**
- **All operative provisions of the erstwhile Labour Laws until their complete substitution.**

All obligations relating to wages, social security, safety, working conditions, industrial relations etc. and any other statutory requirements shall be strictly met by the Seller/ Service Provider. Any non-compliance shall constitute a breach of the contract and shall entitle the Buyer to take appropriate action in accordance with the contract and applicable law.
