The management (CFA), reserves the right to order any quantity on one or more firms. If the L1 Bidder has not quoted for the entire tendered quantity, then the supply order shall be placed for the balance quantity on L2 provided the L2 accepts the L1 rates. If the L2 is not agreeable to the L1 rate or if the L1 and L2 Bidders together cannot meet the tendered requirement, then the order for the balance quantity shall be placed on the next ranking supplier (L3) at the L1 rates provided L3 accepts the L1 rates. If the situation so warrants, this process shall be repeated in the order of the ranking (i.e. L1, L2, L3... so on) till the entire tendered quantity is covered or no Bidder is left.

56. Distribution of Quantity for Strategic Reasons: In case of critical/ vital/ safety/ security nature of the item, large quantity under procurement, urgent delivery requirements and inadequate vendor capacity it may be advantageous to decide in advance to have more than one source of supply. In such cases a parallel contract clause should be added to the bid documents, clearly stating that Procuring Entity reserves the right to split the contract quantity between suppliers. The manner of deciding the relative share of lowest bidder (L1) contractor and the rest of the contractors/tenderers should be clearly defined, along with the minimum number of suppliers sought for the contract. In case of splitting in two and three, the ratio of 70:30; 50:30:20, respectively, may be used. A different ratio may also be justified.

Before splitting the quantity, it should be ensured that the L1 price is reasonable. If it is not reasonable, negotiation with the L1 party may be carried out, if justifiable, with the approval of the CA. The following guidelines are to be considered while opting for parallel contracts:

i) L1 should be awarded at least the percentage mentioned above or his spare supply capacity, whichever is lower; and

- ii) For the rest of the contract quantity, the lowest rate accepted will be counter offered to the L2 party. On acceptance of the counter offer, the order will be placed on L2 for the respective percentage or the spare supply capacity of the L2 bidder, whichever is lower, and so on, to other tenderers. In case of non-acceptance of the counter offer by the L2 party, a similar offer shall be made to L3 and L4, and so on.
- iii) If the bidder does not accept the counter offered L1 rate, then such undistributed quantity shall revert back to L1 bidder.
